BETTING IS STILL LIGHT | PARKER ON THE TARIFF

COMPARATIVELY FEW AND SMALL WAGERS ON ELECTION.

Odds in Favor of Roosevelt's Success Are 10 to 3-Some of the Propositions Advanced.

Local betting on the election continues at a very low ebb, with the odds at 10 to 3 in favor of Roosevelt on the general re- replied to remarks on that subject from sult. Even this liberal figure, however, has failed to attract any considerable amount of democratic money. The only confidence displayed by the democrats is in regard to the state election in New York. Large sums have been wagered on Herrick, the

of 10 to 8 in his favor. At Shoomaker's, the local betting exchange, the sum of \$1,000 was recently rick at 100 to 80. Late yesterday the remaining fragment of this sum was taken by the Higgins supporters, probably on the strength of the news from New York that the Higgins campaign was picking up a bit and the odds against him had changed to 10 to 9, and in some instances to even

Betting Unusually Light.

Geo. A. Williamson and Gus Noack, who handle most of the big local commissions, declared today that so far the election betting is the lightest they can remember in any presidential contest of recent years. So far less than \$6,000 has been placed altogether, including state bets, bets as to he size of majorities, etc. In former years this sum has usually been

ubled at this stage of the campaign. In the first Bryan campaign no less than \$20. con changed hands at the local exchange The odds at that time in favor of McKinley were 3 to 1: but democratic money was easily to be had than now. In the second McKinley-Bryan campaign the odds more than \$10,000.

These are indications that the betting will pick up some next week and the following week. There will probably be a shifting in the odds through a change in the drift of sentiment or for the purpose of inducing timid democratic money from its

Since the \$1,000 wager on Herrick in New York was disposed of there is but one democratic wager standing at Shoomaker's. This is a check for \$100, which some thusiastic democrat desires to bet Maryland will vote for Judge Parker. The small sum of \$15 was yesterday placed for a democrat against \$50 on the general re-

Bets Awaiting Takers.

There are several combination bets still awaiting takers. One student of the campaign wants to bet a pretty tidy sum on the not win in New York. The bettor who covers the wager does so with the understanding that in order to win Roosevelt must get the electoral vote and Herrick, the democrat, be elected governor. If either of these should fail the man posting the bet

fails to attract any one, is willing to take the other end of the wager, and bet that both Roosevelt and Herrick will be elected, being perfectly contented to lose in case either of the candidates fails of election by Even money has been posted that the fol-

lowing seven states will go republican: Delaware, New York, Maryland, Connecticut, New Jersey, Colorado and West Virginia. New York and New Jersey may be taken singly, but the others must be taken in combinations of three states. A bet of \$100 to \$75 that New York will vote for Roosevelt is still open.

Late this afternoon the following bet was registered at Shoomaker's: Fifty even on Herrick for governor, and \$50 even on Par-ker carrying the state of New York, the wager to stand as one bet.

JUDGE REPLIES TO REMARKS FROM DELEGATIONS TODAY.

Visitors Represented Six Distinct New York Bodies-Engrossed Resolutions Presented Candidate.

ESOPUS, N. Y., October 22.-In a speech on the tariff issue today Judge Parker men representing six distinct New York delegations which were received at Rosemount today.

The delegations were from the Harlem Democratic Club, Central Parker Independent Club, West Side Parker Independdemocratic nominee for governor, at odds ent Club, Reform Club, Business Men's Parker and Davis Association and the New York States League of Parker and Davis Clubs. The day was not pleasant for an posted by democrats to be placed on Her- outdoor political gathering. Fleeting clouds veiled the sky, the air was chilly and during the noon hour a cold rain began to fall.

The Harlem Club, accompanied by a band, arrived on the steamer Sagamore and marched up to Judge Parker's house. The visitors made themselves at home on the grounds until the arrival of the other dele-gations over the West Shore railroad. The speakers on behalf of delegations were Isaac A. Hopper, for the Harlem Club; Louis R. Ehrich, for the Independent Club, and Everett V. Abbot, or the Reform Club. .

Mr. Hopper presented to Judge Parker an engrossed copy of resolutions in support of the democratic national ticket which were adopted at a recent meeting of the Harlem Club. In reply to the delegations Judge

Tariff Benefits and the Law.

"Inasmuch as the law puts the tariff penefits exclusively in the hands of the capitalist and provides no means for giving the wage workers his share, the system viron the republican ticket again stood at 3 to 1, and the sum wagered through Mr. Noack and Mr. Williamson amounted to the poor. It is a short step the care of the poor. It is a short step then to say let the government take care of everybody, a doctrine abhorred of all sound thinkers. "But it is not true that greatly enlarged rofits are on that account divided among he workmen helping to produce them. The advance in wages is not due, as a rule, to a desire on the part of the employer to share profits with the workmen, but rather

The President had a conference today with Col. A. S. McKennon and Grant Evans, both of the Indian territory. They were introduced by Merrill Edwards Gates of the Dawes Indian commission. Col. McKennon, who was formerly a member of the Dawes commission himself, and Mr. Evans, who is president of the Grant Kendall College of the Indian territory, have been sent to Washington by various interests of the territory, to guard and protect the rights of the Indians of the territory in connection with the prospective amalgamation of the territory with Oklahoma into one state. The admission of the two territories as one state and the admission of Arizona and New Mexico as one state is part of the legislative plan for the coming session of

Quarters for Inauguration.

President Roosevelt was told today that the Roosevelt Club of Minneapolis is now engaging quarters in this city for his inauguration in March next. He was pleased at the sanguine expectations of the club, which is unique in its make-up. Frank C. Esterly, the secretary of the club, told the President of his mission here, and said he would begin at once to engage quarters for 250 members of the club for March. The club is made up of college men of talent, and for years it has given operas to get up money for inaugural trips. It has in the last four years accumulated a fund of \$7,000, and expects to make \$5,000 more this fall presenting operas in Minneapolis and one or two other cities. "There is absolutely no thought that the President will be defeated in November," said Mr. Esterly, and the boys want good quarters engaged guests repaired to the spacious dining room, now so as to be sure to get just what they want. That is what I am here for."

Some of the Day's Visitors.

John Barrett, the United States minister to Panama, was at the White House today. Mr. Barrett said that he would probably return to Panama about a week before Secretary Taft goes down there to look into conditions. He has advised that Secretary Taft's party go on the Columbia and not on the Dolphin, as the latter is so much lighter than the former as to be unable to ride the heavy waters of this season of the year with steadiness. The Columbia is also the faster of the two vessels.

The departure of Mr. Barrett in advance of Secretary Taft is at the request of the President and Secretary Taft and is for the purpose of preparing matters for the

The Panama republic, it is stated, has expressed to the State Department the hope that Mr. Barrett is to return to Panama, and when informed that this is so has expressed its appreciation. A prominent visitor to the White House this morning was Guiliano Marconi, the

wireless telegraphy expert. He was in the city and called to pay his respects. He chatted for a minute or two with the Presi-dent and then rode away in a carriage. Signor Marconi was a guest of the President at luncheon today. He there met Sec-Ex-Governor Beaver of Pennsylvania

The prettiest of the autumn weddings at Hyattsville, Md., took place last evening at the residence of Mr. and Mrs. Joseph A. Blundon, Riverdale, when their eldest daughter, Miss Mary Elizabeth Blundon, was married to Mr. Frank Byers Bomberger of Hagerstown, professor of English and civics at the Maryland Agricultural College, in the presence of a large gathering of friends and relatives. Not Likely to Raise Ban on Voting. ROME, October 22.-The prevailing feelng among the pope's advisers regarding the attitude of the Vatican at the coming

elections seems to be not to abolish the decree forbidding Catholics to vote, Osservatore Romano, the organ of the Vatican, however, in unofficial articles, urges that the abstention from voting be merely to mask the free hand in the matter left to the bishops, and advises the faithful to vote when it is considered advantageous to do so in view of local conditions. If this decision is definite the clericals will not have a party of their own in the chamber, but will oppose the extremist and anti-religious can-didates, especially the socialists, and will favor the conservatives.
